

MATERIAL SUPPLY AGREEMENT FOR DNA

The University of Johannesburg (UJ) is committed to the letter and spirit of the Convention on Biological Diversity (CBD) and expects its partners to act in a manner consistent with the CBD.

UJ will supply the material listed in the Order Form subject to the following terms and conditions:

1. All requests to pass, either silica material provided by UJ or extracted DNA, to third parties must be approved, via a material transfer agreement, by the Curator, Olivier Maurin.
2. Samples may only be used for scientific research, education and conservation. It may not be used for bio-prospecting endeavors or any other commercial application.
3. Acknowledge the University of Johannesburg of material provided in each publication in which data is used.

I agree to comply with the conditions above:
