

The African Centre for DNA Barcoding (ACDB) is committed to the letter and spirit of the Convention on Biological Diversity (CBD) and expects its partners to act in a manner consistent with the CBD.

The ACDB will supply the material listed in the Order Form subject to the following terms and conditions:

1. All requests to pass, either silica material provided by the ACDB or extracted DNA, to third parties must be approved, via a material transfer agreement, by the Curator ACDB DNA Bank.
2. Samples may only be used for scientific research, education and conservation. It may not be used for bio-prospecting endeavors or any other commercial application.
3. Acknowledge the ACDB for material provided in each publication in which data is used.

I agree to comply with the conditions above:
